GRANITE Brand Guidelines

GRANITE

An innovation-driven growth partner
powered by strategy, data, AI, creativity,
and technology, delivering measurable
results in growth, engagement, and efficiency.

Shaping your present. 
Accelerating your future.

Mission

We listen deeply to uncover challenges and opportunities, crafting intelligent, tech-driven solutions that deliver measurable impact, meaningful growth, and lasting transformation.

Vision

To be the most trusted partner in growth —
empowering bold, forward-thinking organizations to
shape today and accelerate tomorrow through
creativity, data, and technology.

GRANITE Brand Guidelines

A collage of several dark blue iPhones. The central phone is oriented vertically and its screen is on, displaying a blue abstract background with light rays and water droplets. The word "GRANITE" is written in white, bold, sans-serif capital letters across the lower half of the screen. The other iPhones are shown from the back, displaying the Apple logo and the triple-camera system. The overall aesthetic is sleek and modern, with a monochromatic blue color scheme.

GRANITE

Brand Essence

Granite MENA is defined by
measurable impact, intelligent
innovation, and accelerated growth.

Our Approach

We deliver outcomes through three interconnected transformation streams — guiding businesses from vision to scale.

Prototype & Validate

Define the vision and prove the value. We use AI-driven strategy, digital roadmaps, CX and communication strategy, and organizational design to unlock opportunity and clarity.

Build & Scale

Engineer digital platforms that perform and evolve. From world-class web and app development to AI systems, UX/UI design, and experience platforms — we build foundations for growth.

Engage & Grow

Drive measurable performance and engagement. We connect data, creativity, and performance marketing to amplify visibility and turn engagement into sustained results.

What Sets Us Apart

Speed, without compromise.

We move fast while maintaining quality and precision.

Outcome over output.

Every decision is guided by measurable impact.

Intelligent by design.

We blend AI, data, and human creativity to deliver smarter results.

Partnership, not transaction.

We work with you — building long-term growth together.

Transparency always.

No black boxes. No hidden costs. Just clarity and accountability.

Our Values

G R A N I T E

Growth-Oriented

We evolve constantly to drive meaningful progress.

Reliable

We keep our promises with precision, quality, and accountability.

Authentic

We communicate honestly and engage with integrity.

Nurturing Partnerships

We collaborate deeply, building trust and shared success.

Impact

We measure success by the difference we make.

Tech-Forward

We harness AI, data, and emerging tech to create solutions that

Ethical

We operate responsibly, respecting people, cultures, and data integrity.

Tone of Voice

Our voice reflects intelligence, humanity, and confidence. We speak with clarity, purpose, and measurable conviction.

Human

Authentic, conversational, real

“We move fast, but always with purpose.”

Bold

Confident, forward-thinking

“We don’t predict the future — we build it.”

Visionary

Future-focused and purposeful

“We see beyond the now to shape what’s next.”

Intelligent

Insight-led and data-driven

“Every decision is powered by analytics and human context.”

Collaborative

Open, inclusive, solution-focused

“Together, we redefine what’s possible.”

Outcome-Driven

Focused on measurable impact

“We don’t just deliver assets — we deliver growth.”

Visual Identity

Granite Primary Logo

The Primary Logo represents the master brand and serves as the default mark across all corporate, marketing, and digital applications. It reflects Granite's strength, innovation, and global credibility.

When to Use:

- In all global or parent brand communications
- On brand-level collateral
- When referencing Granite as the overarching entity
- On partner or co-branded materials

GRANITE

GRANITE

GRANITE

GRANITE Brand Guidelines

Granite
Primary Logo

Safe Space:

Keep clear space equal to the height of the “G” on all sides.
No elements should enter this area.

Minimum Size:

- Print: 25mm wide
- Digital: 120px wide

Dos:

- Use black on light backgrounds
- Use white or single-colour on dark backgrounds
- Maintain strong contrast and legibility

Don'ts:

- Don't distort, rotate, or recolour
- Don't add effects or outlines
- Don't place on busy backgrounds

Granite MENA

Secondary Logo

Granite MENA Logo Lockup

The Granite MENA logo lockup is the regional expression of the master brand. It retains the equity of the primary logo while distinguishing the MENA operations within the broader Granite network.

When to Use:

- For MENA-specific communications and marketing materials
- On regional documents, proposals, and digital assets
- To clarify geographic relevance or in dual-brand contexts with the parent logo

GRANITE M E N A

GRANITE M E N A

GRANITE M E N A

הנהלה

Granite MENA

Secondary Logo

Safe Space:

Keep clear space equal to the height of the “G” on all sides.
“MENA” must not touch or overlap other elements.

Minimum Size:

- Print: 30mm wide
- Digital: 150px wide

Dos:

- Use the official lockup and correct colour version
- Apply consistently across all regional materials

Don'ts:

- Don't separate or reposition “MENA”
- Don't alter colours, spacing, or proportions
- Don't add effects or place on busy backgrounds

Forward Arrow

The upwards arrow, a distinctive visual device in the Granite MENA identity, symbolizes momentum, ambition, and forward progress. Derived from a cropped section of the Granite “G,” it forms an abstract arrow representing innovation, purposeful direction, and the drive to shape the future.

Initially exclusive to Granite MENA communications, this element highlights the region’s visual identity while its impact and versatility are assessed for potential global rollout.

The arrow embodies Granite’s momentum, vision, and purpose, reflecting its commitment to growth, innovation, and advancing both technology and human progress.

Usage Principles

Placement & Scale

Use the arrow as a sign-off device to close or emphasize messaging. Position it bottom right of layouts, around 5% of total area for subtle visibility.

Color & Contrast

The arrow may appear in Granite Blue, Black, or White, depending on background contrast.

Maintain maximum legibility — no gradients or tints unless used as a mask treatment.

Graphic Function

The arrow can also stand alone as a primary graphic element, expressing movement and momentum.

When scaled or repeated, it may form directional patterns that reinforce Granite's sense of progress and dynamism.

At Granite, we fuse strategy, creativity, technology, data, and AI to help brands grow smarter and faster — delivering innovative, measurable solutions that drive real impact.

At Granite, we fuse strategy, creativity, technology, data, and AI to help brands grow smarter and faster — delivering innovative, measurable solutions that drive real impact.

GRANITE Brand Guidelines

Arrow Mask

The arrow may be treated as a mask or container for imagery, texture, or graphic elements to create visual depth and storytelling. When used this way, it becomes a dynamic window into Granite's world — showcasing innovation, technology, and human impact within the brand symbol.

This treatment should always align with the brand's tone and purpose:

- Photographic imagery can represent people, progress, or technology in motion.
- Graphic patterns or gradients can express energy, data flow, or transformation.
- The visual content inside the arrow should always feel forward-moving, modern, and purposeful — reinforcing Granite's drive toward progress.

GRANITE Brand Guidelines

The Granite Geometry

The brand pattern is derived from the Granite “G,” dissected into geometric shapes that form an abstract, repeating design. This pattern represents the many facets of the brand — diverse yet unified, complex yet cohesive. Each shape reflects a different offering, perspective, or capability, all originating from a single core identity. The result is a dynamic visual asset that speaks to Granite MENA’s versatility, innovation, and interconnected approach.

GRANITE Brand Guidelines

GRANITE

Icons

Granite MENA's iconography uses simple stroke icons with sharp corners, echoing the geometric precision of the logo and brand pattern. This design approach ensures consistency, clarity, and a cohesive visual language that reflects the brand's modern, structured, and forward-focused identity.

Imagery & Motion

Granite visuals should reflect collaboration, acceleration, and innovation in motion.

Do:

- Use contrasting light and dynamic composition.
- Show AI enhancing human creativity.
- Include depth, motion blur, and gradient overlays.

Avoid:

- Overly corporate or staged images.
